Educational content

5. Methods of mastering the discipline (educational component)

The theme of the coursework reflects the study of investment processes at the enterprise, industry, country.

Requirements for the choice of research object: the student chooses a business idea for which he develops a business plan of the investment project. The name of the CD is formed according to the selected object ("Business plan of the investment project: name of the project"). In the future, the student searches, systematizes and uses statistical information (input data) for the relevant current period of time to analyse, estimate investment costs, assess the risk and potential threats associated with the project, calculate investment performance.

Methodical recommendations for writing a term paper are given in Skorobogatova N. Ye. Methodical instructions for course work in the discipline "Investment" for students majoring in 051 "Economics", specialization "International Economics" / N.Ye. Skorobogatova. - [Electronic resource]. - Kyiv: Igor Sikorsky KPI, 2019. - 55 p. - Name from the screen. - Access: <http://ela.kpi.ua/handle/>

6. Independent student work

The student performs the coursework independently in consultation with the teacher when choosing a topic and writing individual sections.

Policy and control

7. Policy of academic discipline (educational component)

Attending classes. *Attendance at lectures, practical classes, as well as absence from them, is not evaluated. However, students are encouraged to attend classes because they teach theoretical material and develop the skills needed to complete a semester individual assignment. The grading system is focused on obtaining points for student activity, as well as performing tasks that are able to develop practical skills and abilities.*

Academic integrity. *The policy and principles of academic integrity are defined in Section 3 of the Code of Honor of the National Technical University of Ukraine "Igor Sikorsky Kyiv Polytechnic Institute". Read more: <https://kpi.ua/code>.*

Norms of ethical behaviour. *Norms of ethical behaviour of students and employees are defined in Section 2 of the Code of Honor of the National Technical University of Ukraine "Kyiv Polytechnic Institute named after Igor Sikorsky". Details: <https://kpi.ua/code>.*

Inclusive education. *Acquisition of knowledge and skills during the study of the discipline may be available to most people with special educational needs, except for students with severe visual impairments who do not allow to perform tasks using personal computers, laptops and / or other technical means.*

Learning a foreign language. *During the assignments, students may be encouraged to refer to English-language sources.*

Preparation for writing a coursework and tests is carried out during the independent work of students with the possibility of consulting with the teacher at a certain time of consultation or by e-mail (e-mail, messengers).

8. Monitor and evaluate the system of evaluation of learning outcomes (Rating System of Evaluation)

Semester certification is conducted in the form of defines of coursework. A 100-point rating system and a university scale are used to assess learning outcomes.

1. Starting component:

- timeliness of coursework - 10-5 points;*
- economic substantiation of the made conclusions and recommendations - 15-8 points;*
- correct application of methods of analysis and calculation - 15-8 points;*
- quality of registration, fulfilment of requirements of regulatory documents - 10-6 points;*
- quality of graphic material and compliance with the requirements of standards - 10-6 points.*

2. Component of course work defense:

- report quality - 10-6 points;
- degree of mastery of the material - 10-6 points;
- the degree of substantiation of the conclusions and recommendations - 10-6 points;
- ability to defend your opinion - 10-6 points.

Table of translation of rating points to grades on a university scale:

Number points	Assessment on the university scale
100-95	Perfectly / Відмінно
94-85	Very good / Дуже добре
84-75	Good / Добре
74-65	Satisfactorily / Задовільно
64-60	Enough / Достатньо
Less 60	Unsatisfactorily / Незадовільно
Admission conditions are not met	Not allowed / Не допущено

9. Additional information on the discipline (educational component)

Communication with the teacher is carried out through the use of information system "Electronic Campus", distance learning platform "Sikorsky", as well as communication tools such as e-mail, Telegram and Viber. During training and interaction with students, modern information and communication and network technologies are used to solve educational problems.

Work program of the discipline (syllabus):
